## DIRECTOR MESSAGE

Dear All,

It gives me immense pleasure and satisfaction to be the Chairman of an entity playing a major role in developing the Indonesia economy. As a steward of a company that helps create such positive and exciting experiences for the trading community, I am also eager to work with an energetic, forward-looking workforce that is dedicated to serving the company's customers at the highest level.

Indonesia has already been ranked number one in the region in the Trading Across Borders category of the World Bank's Doing Business Report for six consequent years and number four worldwide for 2015, and we will continue to strive for excellence in everything we do until we achieve our optimum goal to be number one worldwide.

**AM Hendropriyono**

- b** Supply of provisions, stores, consumables and other required stores
- c** Provision of lubricating oils
- d** Maintenance of the vessel to the agreed standard including repairs, dry docking and provision of spares and in the case of tankers, fulfilling the requirements of the oil majors
- e** Keeping of records and ensuring that the vessel is well documented with all certificates, manuals, etc, as required for the agreed trades
- f** Provision of insurance for the vessel as agreed, but with a minimum of H&M. War and P&I insurance and also handling and setting of claims
- g** Allocation of superintendent to the vessel, with the necessary back-up, who will be responsible for the technical/economical operation of same and will visit the vessel at regular intervals or whenever required
- h** Handling of all operational matters for sport market or time-chartered vessels such as pre-fixure voyage estimates, post fixtures, voyage instruction, monitoring vessel's performance
- i** Handling of charter party disputes, FDD and cargo claims, bunkering, appointment of agents, freights and hire
- j** Monitor and maintain an active on-board safety culture and Health, safety, security & environment management system

### SHIP MANAGEMENT

**PT. Segara Laju Perkasa** Provides a high caliber of technical and operational assistance to the managed fleet through a team of experienced Chief engineers and Masters.

The Technical department oversees the entire technical operation of the fleet through managers and superintendents responsible for different types of vessels and main engine propulsion, and provides support to the fleet, which covers the following aspects as a minimum.

- a Monitor and maintain an active on-board safety culture and safety management system
- b Monitor and follow up on the maintenance and upkeep of the vessels
- c Keep the vessels in compliance with all the regulatory requirements of Classification societies, Flag, National and other International bodies
- d Arrange, prepare and attend all inspections onboard the vessels as per the requirement of the Owners and the Health, Safety, Security and Environment management system
- e Prepare the annual operating expense budget for all vessels in the fleet and monitor on regular basis
- f Prepare monthly expense summary together with any variance explanation
- g Obtain worldwide bids and prepare the estimates of all major repairs and in dry docks with attendance as required

*“Passion and hard work will make your life better than ever, and if successful, it is not the end of your struggle.”*

COMPANY can provide a comprehensive solution to your crewing needs. Through our manning agents in over a dozen countries, we can ensure that the vessels are manned with qualified and efficient crew. Our aim is provide you with the best quality staff on an economical budget. We have set exacting standards in our selection process and comply with ISM, OHSAS, ISO, and TMSA requirements

COMPANY is proud of its sea-going staff and we believe that we have some of the finest officers and crew sailing on our ships. We continue to invest a lot of time and effort in sourcing our staff and building our team.

The scope of our crew management services will include the following:

- a Crew selection and employment
- b Preparation and execution of crew contracts
- c Arranging crew licenses and certification
- d Evaluation of crew training needs and provide the necessary training.
- e Monitor and arrange crew reliefs
- f Monitor and administer crew payroll, remittances and pay-offs.
- g Liaise with crew unions and ITF.
- h Monitor crew performance and welfare.
- i Evaluate future crew requirements
- j Preparation and monitoring of manning budgets

## SHIP MANAGEMENT

Collecting the relevant data to ensure proper and efficient handling of the claims. The Superintendents and Managers oversee the purchasing department and guide the technical assistants in procuring important and major spares or repairs in the most economical manner.

All the staff is well experienced in operations of all types of vessels thus providing the foundation for a strong and quality Ship management service.

## OUR POLICY

We are committed to improving quality, health and safety work environment of its employees and subcontractors. Continual improvement in quality, health and safety performance will be achieved by setting objectives measuring progress and communicating results.

Hence, to deliver our commitment we will.

- 1 Providing our client law abiding documentation and keep records of all transaction.
- 2 Develop tailor made service to our clients and offer personalized solutions to any problems they might be faced with.
- 3 Fully committed to continual improvement of the quality of our services.
- 4 Make sure that all necessary resources are provided in order to always achieve the quality of services committed to our client.
- 5 Communicate PT. Segara Laju Perkasa drugs and alcohol policy to all employees and subcontractors as appropriate.
- 6 Maintain and monitor health and safety performance by a comprehensive compliance program including audits.
- 7 Providing adequate training resources to our employees so that they may work in a safe manner.
- 8 Providing health and safety risk management systems and procedures that are relevant to the culture and work undertaken.
